Proposed Project Information

Project Title: SAP Integrated Suppliers Evaluation System Design

Planned Start Date: 15.06.2020

Planned End Date: 01.09.2020

Project Overview: As Nuh Group Companies, we work with about 10,000 different suppliers (1000 active, 9000 passive). Our ERP system is SAP with many customizations. We want to create a new web-based and SAP integrated Supplier Portal where suppliers must create their information in our system. There are also many restrictions that we need to address in our system.
