### Proposed Project Information

**Project Title:** Adapting a new inventory replenishment model to SAP MM

**Planned Start Date:** 01.07.2020

**Planned End Date:** 01.09.2020

**Project Overview:** As Nuh Group Companies, we work with about 10,000 different suppliers (1000 active, 9000 passive). Our ERP system is SAP with many customizations. In this project, with determining one or more inventory replenishment models according to consumption data, we want to establish that in SAP.
