# Design and Application of Inspection System for Mechanics Department

## Arçelik Dishwasher Factory

### Project Team

Kudret Arman

Alper Ayhan

A. Burcu Çolak

Ali Hüseyin Demirci

Fatih Ergen

Dilek Ölez

Industrial Engineering

Bilkent University

06800 Ankara

### Industrial Advisor

N. Tanzer Tunçalp, Arçelik Dishwasher Factory,  
Automatisation and Information Systems Manager

### Academic Advisor

Asst. Prof. M. Murat Fadiloğlu, Bilkent University  
Department of Industrial Engineering

21 October 2022

### Abstract

Describe the main problem and major symptoms in plain English. Do not use mathematical formulae. Describe your approach—and results when you make progress. Use the entire space, but be brief enough that this title page does not flow over the next page.

**Keywords:** First keyword, second keyword, ...

# Contents

Title and Abstract	1
1 An appropriate section title	2
Bibliography	2
Appendices	3
A First appendix section	3
B Second appendix section	3

## 1 An appropriate section title

Citations (e.g. [Oetiker et al. \(2015\)](#)) should be stored in a bibtex file (.bib). See the examples in latex report example.tex for examples.

## Bibliography

Oetiker, T., H. Partl, I. Hyna, and E. Schlegl (2015). *The Not So Short Introduction to LaTeX2e*. <http://mirrors.ctan.org/info/lshort/english/lshort.pdf>.

## Appendices

A First appendix section

B Second appendix section
